

REGISTER with The Australasian Yoga Institute: We are a self-regulating Yoga Register based on yogic principles. What we have is not simply a list of professionally trained Yoga teachers. It also stands as a bulwark against the dilution of yoga by way of the standardization and regulation that threatens the rich diversity of yoga. We allow you to honour your own philosophical and practical approach to yoga, while ensuring that these practicalities are based on core yogic principles upon which Yoga, no matter which kind, IS AND MUST BE BASED.

APPLICATION FOR REGISTRATION/RE-REGISTRATION.

- Professional Indemnity Insurance is possible once Registration granted. Once registration and insurance is achieved, you can practice as a yoga teacher throughout Australia (and the world).
- You do not need to register with any other organization once you have Registered with AYI (us). Your Registration and recognition/accreditation by AYI is exactly the same as that of Yoga Australia, which is a voluntary organization as we are, and carries the same status.
- Registration granted during your student year allows you to apply for Student Insurance and earn from your yoga for the time you are a student. What we call “Earn Whilst You Learn”. Once you graduate, you must then apply for full registration and Insurance.
- Please Note that for the ***AYI GRADUATE’S first year**, Registration is automatically granted and paid for within the course fees. From the second year onwards, the rate applies. You will receive a reminder in the post prior to your Registration expiry date.
